# Phil Campbell Elementary School

## Vision

Our vision is for students to excel in a positive environment that is also engaging and challenging.

## Mission

Our mission is to prepare 21st Century students for life, college, and/or career pathways.

## Beliefs

We believe that each student is unique and capable of achieving success. Students learn in diverse ways and require a variety of teaching strategies . Students learn best in an environment that is positive and encourages learning.

## Leadership

#### Objectives

 Provide leadership growth opportunities for teachers and students through educational experiences with the support of long range purpose and planning.

## Active Learning

## Objectives

 Provide collaborative opportunities and feedback in order to promote active learning in the classroom.

## Professional Development

• Provide high quality professional learning experiences to impact learning.

#### **Critical Initiatives**

• Establish a school leadership team including stakeholder groups that meet to discuss goals and survey results.
