

Basketball Information for Summer 2020

Phil Campbell High School Boys Basketball (**upcoming 9th-12th players**) will begin their summer skill development on Tuesday June 9. Each player in our program has been contacted about their scheduled time.

Junior high players (**upcoming 8th grade players**) are invited to attend but it is not mandatory.

Upcoming 7th grade students interested in participating, must have an up to date physical. Please let Coach Clay know if you want to participate so he can put you into a group.

In order to maintain the current AHSAA guidelines, Coach Clays asks that players:

- bring your own drink.
- come dressed/ready to go as we will not be using our locker room facilities at this time.
- use hand sanitizer available
- Any player who prefers to wear a mask or face covering may wear one if they provide their own.
- No one except players will be allowed to enter the gym.

Players **MUST** enter the gym through the side gym door and we will exit through the doors beside the weight room.

Please be in the process of completing the following:

1. Sign up for a DragonFly Max account. Instructions are located on the High School's Facebook page.
2. Please be in the process of getting a current physical. If you received a physical last year, it is set to expire July 27.

A **basketball skills camp** on **Tuesday June 30** that will be open to all upcoming 7th-12th grade players in our program. Since we were unable to attend our team camp at Birmingham-Southern, their coaches and players are going to come to us for a day of skill development. This is going to be so beneficial for each player in our program. **The cost of the camp is \$55.**

If you have any questions about this summer or the skills camp, please contact Coach Clay at shaneclay@franklin.k12.al.us
